LIVING in Oxford is a privilege and a joy. Filled with beautiful buildings and memorable architecture, it's a cosmopolitan mix of university colleges, museums, trendy restaurants and bars, plus fabulous shopping – what more could you want?

So why not live at the centre of the action, and in style, with either of these two rental beauties from Finders Keepers. You can absorb the city vibe up close and personal.

You can't get much better than a penthouse apartment with views of those dreaming

spires and the River Thames. This flat is at The Stream Edge, bang in the middle of the city centre, at a rental of £2,200pcm.

This property is finished to a very high specification, offering stylish accommodation with clean lines and chic furnishings. It has two double bedrooms, one bathroom and one en suite bathroom, an impressive open-plan living/dining and kitchen area, a large terrace off the living room with space for dining, a balcony that's accessible from both bedrooms, and secure parking for a car. If your commute to work is outside of the city, the train station is within a short walking distance. Just outside the city centre,

but still up there with the city vibe, is a former dairy barn at Headington Hill Park which has been converted into a fantastic one-double bedroom home with a rental of £1,550pcm.

With one bathroom, an open-plan living/dining area, kitchen with breakfast bar, and a garden to the rear, this is a property with a bunch of alluring original features. There is easy access to the Oxford's hospitals and city centre either by car or bus.
