

Changes to our operation

I wanted to update you in full on the temporary closure of all Finders Keepers offices and the reason this has had to be at such short notice, for which I can only apologise.

For the last few weeks we have been monitoring the global situation closely and following advice from the Government and our parent company. We took steps to prepare for extreme measures, ensuring that all team members would be able to operate remotely should the time come and working with our telephone supplier to come up with a solution for diverting all phones.

Following government advice for everyone to 'stay home', we are now closing all offices with immediate effect and moving all of our teams to work from home. All direct dial numbers are still 'live' (they are being redirected) and our people have secure remote access to our main server to continue working from home.

If you have any issues please call your local office where lines are being redirected to 10 team members who will field all calls and redirect any accordingly.

Whilst we aim to continue operating to the best of our ability for our landlords and tenants, we all clearly need to be reasonable about what can be achieved. We thank you for your patience and understanding at this time.

Paul Rushworth
Managing Director
