The apartment is in a converted former stable block at Wytham Abbey

Converted stable block is home to stylish apartment

A CONVERTED stable block at Wytham Abbey is the setting for an apartment now on the rental market.

Number One, The Stables, has recently changed hands and has been totally renovated by its new owner.

The Stable Block is an attractive Grade II-listed stone building, the wall of which creates a courtyard with the Coach House and the wall next to the abbey.

The cobbled courtyard with a rose tunnel and lavender border is a shared area, which can be used by residents.

Each tenant also has access to

one off-road parking space within the abbey gates.

Number One, The Stables has a kitchen/living room with breakfast bar, feature fireplace and wooden floors.

There is a double bedroom plus a second bedroom/study looking out over the courtyard, which agents say could be used as a second bedroom.

There is also a bathroom with shower.

Although Wytham village is a short drive or cycle ride from Oxford, it has a rural atmosphere and is possibly best known for Wytham Woods, which Oxford author Colin Dexter has made famous around the world through his *Inspector Morse* books.

As local residents, tenants

will have access to permit-controlled walks in the ancient woodland.

Also nearby is The White Hart gastro pub and a village shop.

There is an active village hall committee that organises events, including a firework display in November.

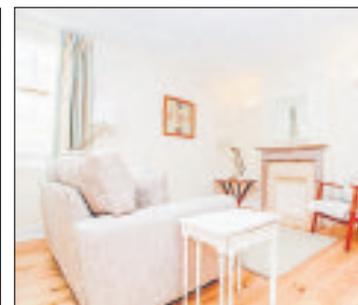

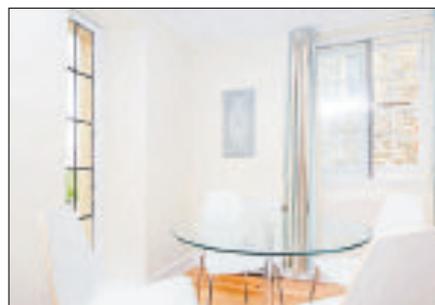

Other local community groups include the Wytham cricket team and All Saints Church, which is just outside the gates to Wytham Abbey.

Oxford Parkway station with direct trains to Marylebone via Bicester is a short drive away.

The apartment is available, furnished, through Finders Keepers, at £1,375 per month.

Pets will not be considered.

Call 01865 311011 or see finders.co.uk.
